The math: 60% of the field is combo. You're a large underdog G1 against fast combo. The sideboard swings those matchups dramatically — Reanimator goes from 20.5% to 49.1% G2. Mull aggressively for T1 action, race hard G1, lock them out G2-3.

Sideboard Plans

vs Dimir Reanimator (22.4% — highest priority)

IN: +2 Grafdigger's Cage, +2 Faerie Macabre, +2 Containment Priest OUT: -2 Swords to Plowshares, -2 Voice of Victory, -2 flex

- Flash Faerie Macabre in response to **Entomb** (exile the target before they reanimate)
- Meddling Mage: Animate Dead (EV 1.35) > Reanimate > Entomb
- T1 Champion = +28.4% win probability — jam aggressively

vs Cephalid Breakfast (7.5%)

IN: +2 Grafdigger's Cage, +2 Faerie Macabre, +2 Containment Priest OUT: -2 Swords to Plowshares, -2 Voice of Victory, -2 flex

- Cage stops Narcomoeba triggers — combo can't assemble
- Meddling Mage: Cephalid Illusionist or Nomads en-Kor (either piece stops them)
- G1 at 15.8% — mull very aggressively, any hate card is a keep

vs Lotus Combo (10.5%)

IN: +2 Deafening Silence, +2 Grafdigger's Cage, +1 Containment Priest OUT: -2 Swords to Plowshares, -2 Voice of Victory, -1 flex

- Deafening Silence shuts their cantrip chain (need 3+ spells per turn)
- Meddling Mage: Hidden Strings (NOT Lotus Field — it's a land)

vs Dimir Tempo (10.5% — best matchup)

IN: +1 Sheltered by Ghosts, +1 Path to Exile OUT: -1 Witch Enchanter, -1 Zack Fair

- Cavern of Souls makes ALL Humans uncounterable — always lead with it
- Don't mull aggressively: each mull costs -7% win probability here
- ML insight: being on draw is +6% (Daze punishes play-first)

vs Eldrazi Stompy (6.4%)

IN: +2 Stony Silence, +1 Path to Exile OUT: -2 Esper Sentinel, -1 flex

- Stony Silence shuts Chalice of the Void
- Meddling Mage: Chalice of the Void
- Go wide fast — their 5/5s dominate combat if you play into them

vs Mono Red Painter (5.0%)

IN: +2 Stony Silence, +1 Sanctifier en-Vec OUT: -2 Swords to Plowshares, -1 flex

- Stony Silence prevents Grindstone activation
- Sanctifier en-Vec: protection from red — creatures become unkillable by their removal

vs Sneak And Show (5.4%)

IN: +2 Containment Priest, +1 Clarion Conqueror OUT: -2 Voice of Victory, -1 flex

- Containment Priest exiles creatures entering from library (Emrakul, Griselbrand)
- Meddling Mage: Show and Tell (EV 1.75)

vs Death And Taxes (4.6%)

IN: +1 Path to Exile, +1 Wrath of the Skies OUT: -1 Witch Enchanter, -1 flex

- You're favored — 72.3% G1. Don't overthink it.
- Path handles Solitude and TKS

vs Mono Red Aggro (3.4%)

IN: +1 Sanctifier en-Vec OUT: -1 Witch Enchanter

- Close race (42.7% G1). Sanctifier blocks everything they have.

Matchup	Mull Cost	Policy
Dimir Tempo	-7% per mull	Keep aggressively
Reanimator	~0% per mull	Mull freely for T1 Champion
Breakfast	~0% per mull	Mull for any hate piece
Jeskai Control	~0% per mull	Keep almost anything
Mono Red Aggro	-3% per mull	Need early pressure

Key Triggers

Card	Key Rule
Adeline	Power = creature count (dynamic). Attack triggers 1/1 Human token entering attacking
Guide of Souls	ETB of any creature: +1 life +1 energy. Attack: pay {E}{E}{E} for +2/+2 + flying
Kytheon	Flips to Gideon only when HE attacks + 2 other creatures
Voice of Victory	Mobilize 2 creates 2 Warrior tokens. Tokens SACRIFICE at end of turn
Coppercoat Vanguard	+1/+0 to all Humans during combat only
Cavern of Souls	Name Human — all Human spells become uncounterable

Bottom line: 56.3% field-weighted match win rate in real Legacy. Favored against every fair deck. Roughly even against midrange combo. Dog against fast graveyard combo. Board into hate aggressively and the numbers flip.
